For many people the language of the Internet is English. "World, Wide, Web: Three English Words" was the name of an article by Michael Specter in the New York Times a few years ago. The article went on to say: "If you want to take full advantage of the Internet, there is only one real way to do it: learn English."

In general, it is not difficult to learn to use Internet services. But although Internet services are rather easy to use, you will have considerable difficulties if you are not familiar with English. In fact,
