When I was younger, I hated being the oldest child and the only girl in my family. But now that I am older, I realize that being "Big Sister" actually has its advantages. First of all, I get special treatment from my parents and brothers. I get my own room, and brothers have to do all the heavy work around the house. Another benefit is that, being the oldest, I have learned to be responsible and dependable. For example, my parents often leave my brothers in my care when they go out. I also try my best in whatever I do in order to be a good example for my brothers. The experience I've had in taking care of my brothers has prepared me for my own family in the future. So, even though I didn't choose to be the oldest child and the only girl in my family, I have succeeded in making this situation work to my best advantage.
