Mã đề thi 410

Mark the letter A, B, C, or D on your answer sheet to indicate the correct answer to each of the following questions.

- Question 1. I'm not sure, but Tony _____ probably get that demanding job.
A. need B. might C. ought D. must
- Question 2. Thanks to her father's encouragement, she has made great _____ in her study.
A. development B. contribution C. progress D. standard
- Question 3. Jim didn't break the vase on _____, but he was still punished for his carelessness.
A. chance B. purpose C. occasion D. intention
- Question 4. They were among the first companies to exploit the _____ of the Internet.
A. ability B. potential C. possibility D. prospect
- Question 5. The people _____ live in this village are very friendly.
A. who B. where C. which D. when
- Question 6. Domestic appliances like washing machines and dishwashers have made _____ life much easier.
A. a B. an C. the D. Ø
- Question 7. Peter is disappointed at not getting the job, but he will _____ it soon.
A. come over B. go through C. take on D. get over
- Question 8. Travelling to _____ countries in the world enables me to learn many interesting things.
A. different B. difference C. differently D. differ
- Question 9. I _____ all of my homework last night.
A. have finished B. finished C. finish D. will finish
- Question 10. The only thing he bought on his trip to Italy was a _____ watch.
A. new Italian nice B. nice Italian new C. nice new Italian D. new nice Italian
- Question 11. The more you practise speaking English, _____. OSSACOMP
A. the more fluently you can speak it B. the more you can speak it fluently
C. the more you can speak it fluent D. the more fluent you can speak it
- Question 12. I am not used to the cold weather here, so I need to have a heating system _____.
A. serviced B. repaired C. developed D. installed

Mark the letter A, B, C, or D on your answer sheet to indicate the word(s) CLOSEST in meaning to the underlined word(s) in each of the following questions.

- Question 13. The place has rapidly evolved from a small fishing community into a thriving tourist resort.
A. increased B. generated C. created D. developed
- Question 14. Many people left early because the film was uninteresting.
A. informative B. exciting C. boring D. attractive

Mark the letter A, B, C, or D on your answer sheet to indicate the word(s) **OPPOSITE** in meaning to the underlined word(s) in each of the following questions.

Question 15. Don't tell Jane anything about the surprise party for Jack. She has got a big mouth.
A. can't eat a lot B. can keep secrets C. talks too much D. hates parties

Question 16. Today students are under a lot of pressure due to the high expectations from their parents and teachers.

- A. emotion B. nervousness C. relaxation D. stress

Mark the letter A, B, C, or D on your answer sheet to indicate the word that differs from the other three in the position of primary stress in each of the following questions.

Question 17. A. office

B. farmer

C. nature

D. result

Question 18. A. confident

B. cultural

C. possible

D. supportive

Mark the letter A, B, C, or D on your answer sheet to indicate the word whose underlined part differs from the other three in pronunciation in each of the following questions.

Question 19. A. matched

B. dropped

C. dressed

D. joined

Question 20. A. walk

B. talk

C. call

D. take

Mark the letter A, B, C, or D on your answer sheet to indicate the most suitable response to complete each of the following exchanges.

Question 21. Linda is thanking Daniel for his birthday present.

Linda: "Thanks for the book. I've been looking for it for months."

Daniel: "_____."

A. I like reading books

B. I'm glad you like it

C. Thank you for looking for it

D. You can say that again

Question 22. David and his teacher are meeting at the school gate.

David: "Good morning, Mr Deakin. How are you?"

Mr Deakin: "_____. And you?"

A. I'm having a class now

B. I'm going home

C. I'm fine. Thank you

D. I'm busy now

Mark the letter A, B, C, or D on your answer sheet to indicate the sentence that best combines each pair of sentences in the following questions.

Question 23. The government have established some wildlife reserves. They want to protect endangered species.

A. Whether the government have established some wildlife reserves or not, endangered species are still protected.

B. Endangered species can't be protected although the government have established some wildlife reserves.

C. The government have established some wildlife reserves so that endangered species can be protected.

D. If the government established some wildlife reserves, they would be able to protect endangered species.

Question 24. My sister is good at cooking. My brother is bad at it.

- A. My sister is good at cooking, but my brother is bad at it.
- B. My sister is good at cooking, so my brother is bad at it.
- C. My sister is good at cooking, for my brother is bad at it.
- D. My sister is good at cooking, or my brother is bad at it.

Mark the letter A, B, C, or D on your answer sheet to indicate the underlined part that needs correction in each of the following questions.

Question 25. The policeman warned the tourists not walking alone in empty streets at night.

Question 26. All the judges paid the dancer compliments on their excellent performance in the competition.

Question 27. My mother always get up early to prepare breakfast for everyone in the family.

Mark the letter A, B, C, or D on your answer sheet to indicate the sentence that is closest in meaning to each of the following questions.

Question 28. He last visited London three years ago.

- A. He didn't visit London three years ago.
- B. He has been in London for three years.
- C. He was in London for three years.
- D. He hasn't visited London for three years.

Question 29. "We will not leave until we see the manager," said the customers.

- A. The customers decided to leave because they did not see the manager.
- B. The customers agreed to leave before they saw the manager.
- C. The customers refused to leave until they saw the manager.
- D. The customers promised to leave before they saw the manager.

Question 30. They were late for the meeting because of the heavy snow.

- A. But for the heavy snow, they wouldn't have been late for the meeting.
- B. Had it not snowed heavily, they would have been late for the meeting.
- C. If it snowed heavily, they would be late for the meeting.
- D. If it didn't snow heavily, they wouldn't be late for the meeting.

Read the following passage and mark the letter A, B, C, or D on your answer sheet to indicate the correct word or phrase that best fits each of the numbered blanks from 31 to 35.

As teenagers approach university level, a decision has to be made on what course to pursue. In this world of diversity, (31) _____ such a choice is not easy for both children and parents. In the old days, it was not much a problem to do the task because there were not so many diverse learning areas to choose from. Besides, there were only a few distinctive professional careers like doctor, engineer, accountant, nurse, teacher, etc. to think about. Most higher learning usually led to a financially successful life. (32) _____, the cost of education was not so high.

Today's world is entirely different from the things (33) _____ have just been described. The job market is constantly changing due to innovative technology and new (34) _____. Meanwhile, most teenagers have difficulty in identifying their own interests. There are a variety of well-organized career talks and student counseling workshops to guide and help teenagers (35) _____ what course to take. Furthermore, psychological tests are also used. Certain instruments such as surveys, interviews and computer software can help to find out preferences, interests, or learning styles of the students.

- Question 31. A. taking
 Question 32. A. Therefore
 Question 33. A. that
 Question 34. A. compete
 Question 35. A. decide
- B. giving
 B. For example
 B. when
 B. competitively
 B. apply
- C. making
 C. In addition
 C. what
 C. competitive
 C. employ
- D. having
 D. Otherwise
 D. where
 D. competition
 D. study

Read the following passage and mark the letter A, B, C, or D on your answer sheet to indicate the correct answer to each of the questions from 36 to 42.

Children all around the world love to read comic books. Maybe they like to read the kind of style comic books that come out once a month, like *Spiderman* or *Batman*, or maybe they like manga-style things young people like to do. That means that publishers who make comic books need to keep in touch with technology, so of course kids want to read digital comic books on electronic devices.

Let's take Japanese manga as an example. There are lots of people around the world who enjoy reading manga. However, in the past, it was difficult to find translated versions of manga in comic bookstores. But that did not stop manga fans. Some fans who could translate Japanese into their own language started translating manga themselves. Then they scanned the pages of manga books and uploaded the scanned pages to the Internet with their translation. This practice has become so popular. People in the comic book industry made up a name for it. By combining the words *scan* and *translation*, they call it "**scanlation**", and it is a big problem today. The people who do scanlation usually share their manga for free, so readers do not buy manga books. Writers, artists, and publishers all end up losing money because of scanlation. Another problem is **piracy** in the comic book industry. Illegal copies of old and brand new comics alike have been hurting comic book sales.

Despite the progress made in converting comics to digital formats, hardcopy comic books are still by far the most popular format among fans. In the meantime, comic book publishers and stores will just have to keep an eye on their buyers' habits. As the popularity of digital books for e-readers and tablets grows, the popularity of digital comic books will grow as well.

- Question 36. What is the passage mainly about?
 A. Problems in the book industry
 B. The need for digital comic books
 C. The manga industry in Japan
 D. Children's most favourite type of books
- Question 37. The word "**they**" in paragraph 1 refers to _____.
 A. comic books B. publishers C. children D. things
- Question 38. According to paragraph 1, *Spiderman* is the name of _____.
 A. a TV programme B. an electronic device C. a child D. a comic book
- Question 39. According to paragraph 2, the practice of "**scanlation**" mostly involves _____.
 A. scanning and translating manga books
 B. translating uploaded manga books
 C. scanning uploaded manga books
 D. selling translated manga books

Question 40. According to the passage, in the past, some manga fans who knew Japanese translated manga because _____.

- A. they wanted to make a name for themselves
- B. it was enjoyable to translate Japanese books
- C. it was difficult to buy translated manga books
- D. they wanted to read manga for free

Question 41. According to paragraph 2, who could benefit from scanlation?

- A. Publishers
- B. Writers
- C. Artists
- D. Readers

Question 42. The word "piracy" in paragraph 2 probably means the act of _____.

- A. hurting the sale of illegal comic books
- B. advertising a book without permission
- C. copying and using a book illegally
- D. controlling the production of a book

Read the following passage and mark the letter A, B, C, or D on your answer sheet to indicate the correct answer to each of the questions from 43 to 50.

The oceans are so vast and deep that until fairly recently, it was widely assumed that no matter how much trash and chemicals humans dumped into them, the effects would be **negligible**. Proponents of dumping in the oceans even had a catchphrase: "The solution to pollution is dilution."

Today, we need look no further than the New Jersey-size dead zone that forms each summer in the Mississippi River Delta, or the thousand-mile-wide swath of decomposing plastic in the northern Pacific Ocean to see that this "dilution" policy has helped place a once flourishing ocean ecosystem on the brink of collapse.

There is evidence that the oceans have suffered at the hands of mankind for millennia. But recent studies show that degradation, particularly of shoreline areas, has accelerated dramatically in the past three centuries as industrial discharge and run-off from farms and coastal cities have increased.

Pollution is the introduction of harmful contaminants that are outside the norm for a given ecosystem. Common man-made pollutants reaching the oceans include pesticides, herbicides, chemical fertilizers, detergents, oil, sewage, plastics, and other solids. Many of these pollutants collect at the ocean's depths, where they are consumed by small marine organisms and introduced into the global food chain.

Many ocean pollutants are released into the environment far upstream from coastlines. Nitrogen-rich fertilizers applied by farmers inland, for example, end up in local streams, rivers, and groundwater and are eventually deposited in estuaries, bays, and deltas. These excess nutrients can spawn massive blooms of algae that rob the water of oxygen, leaving areas where little or no marine life can exist.

Solid wastes like bags, foam, and other items dumped into the oceans from land or by ships at sea are frequently consumed, with often fatal effects, by marine mammals, fish, and birds that mistake them for food. Discarded fishing nets drift for many years, ensnaring fish and mammals. In certain regions, ocean currents corral trillions of decomposing plastic items and other trash into gigantic, swirling garbage patches. One in the North Pacific, known as the Pacific Trash Vortex, is estimated to be the size of Texas.

Pollution is not always physical. In large bodies of water, sound waves can carry undiminished for miles. The increased presence of loud or persistent sounds from ships, sonar devices, oil rigs, and even from natural sources like earthquakes can disrupt the migration, communication, and reproduction patterns of many marine animals, particularly aquatic mammals like whales and dolphins.

- Question 43. What does the passage mainly discuss?
A. Various kinds of harmful pollutants
B. Marine pollution and its many forms
C. Noise and its disruptive effects on marine life
D. The end of the "dilution" era
- Question 44. The word "negligible" in paragraph 1 is closest in meaning to _____.
A. serious
B. positive
C. unpredictable
D. insignificant
- Question 45. It can be inferred from paragraph 2 that the "dilution" policy is related to _____.
A. dealing with the problems of water pollution
B. neglecting the effects of dumping trash into the oceans
C. helping the ecosystem of the oceans flourish
D. treating harmful materials in the oceans properly
- Question 46. The word "they" in paragraph 4 refers to _____.
A. marine organisms
B. man-made pollutants
C. the oceans
D. ocean's depths
- Question 47. The word "spawn" in paragraph 5 can be best replaced by _____.
A. appear
B. prevent
C. limit
D. produce
- Question 48. According to the passage, nitrogen-rich fertilizers _____.
A. do not relate to the disappearance of marine life
B. are created by massive blooms of algae
C. cause a shortage of oxygen in the ocean water
D. cannot be found inland
- Question 49. Which of the following statements is NOT supported in the passage?
A. Industrial wastes and agricultural run-off are blamed for the degradation of the oceans.
B. It is apparent that the oceans have been polluted for a long time.
C. The oceans in the past were more contaminated than they are now.
D. Many pollutants deposited in the oceans finally become part of the global food chain.
- Question 50. Whales and dolphins are mentioned in the final paragraph as an example of marine creatures that _____.
A. suffer from loud or persistent sounds at sea
B. can communicate with each other via sound waves
C. can survive earthquakes because of their large bodies
D. are forced to migrate because of water pollution

----- THE END -----
